VISION

To become a Globally Recognized University from North Eastern Region of India, Dedicated to the Holistic Development of Students and Making Society Better

MISSION

Creation of curricula that address the local, regional, national, and international needs of graduates, providing them with diverse and well-rounded education.

Build a diverse student body from various socio-economic backgrounds, provide exceptional value-based education, and foster holistic personal development, strong academic careers, and confidence.

Achieve high placement success by offering students skill-based, innovative education and strong industry connections.

Become the premier destination of young people, desirous of becoming future professional leaders through multidisciplinary learning and serving society better.

Create a highly inspiring intellectual environment for exceptional learners, empowering them to aspire to join internationally acclaimed institutions and contribute to global efforts in addressing critical issues, such as sustainable development, Climate mitigation and fostering a conflict-free global society.

To be renowned for creating new knowledge through high quality interdisciplinary research for betterment of society.

Become a key hub for the growth and excellence of AdtU's stakeholders including educators, researchers and innovators

Adapt to the evolving needs and changing realities of our students and community by incorporating national and global perspectives, while ensuring our actions are in harmony with our foundational values and objectives of serving the community.

CORE VALUES

Integrity: Build relationships through trust, honesty and mutual respect.

AdtU operates with the following Core Values

- Human Dignity, Empathy and Humility
- Academic Integrity, Excellence and Leadership
- Interdisciplinary Approaches, Excel Research, Innovation and Entrepreneurship
- Diversity, Inclusivity, and Social Responsibility
- Collective, Co-ordinated and Co-operative Endeavors

Our Motto

Excellence and Integrity are Virtues in Every Action

Assam down town University

Office of the Chancellor

Sankar Madhab Path, Gandhinagar, Panikhaiti, Guwahati – 781026, Assam (India)

Chancellor's Desk

The past year (2021-22) reflects yet another chapter of dedication and hard work from the Assam down town University (AdtU) community. I extend my sincere appreciation to the students, faculty, administrators, finance staff, and field workers for their unwavering commitment.

With the official implementation of NEP 2020, the educational landscape in India is on the brink of a transformative revolution. To fully embrace the holistic development envisioned by NEP 2020, AdtU faces the challenge of shaping its course structure to emphasize multidisciplinary, the integration of research with academics, industry-academic collaborations, international relations, skill-based learning, and a focus on indigenous knowledge and vernacular languages. I am pleased to see AdtU's proactive steps in these areas.

It is heartening to witness the rich diversity within the AdtU student body which is comprised of students from various states across India and three international countries. This diversity fosters an environment where students can learn the values of social harmony, brotherhood, tolerance, and cooperation essential for building a peaceful and prosperous society.

Additionally, AdtU's progress in research is commendable as demonstrated by the external research funding received from various agencies, as well as the high-quality research publications and patents achieved by our faculty. As we approach the second decade of AdtU since its establishment in 2020, the University is well-positioned for significant breakthroughs in academics and research.

I extend my heartfelt gratitude to all stakeholders of AdtU for their continued and steadfast support.

Vice Chancellor

FOREWORD

It is with great pleasure that I present the Annual Report for 2021-22 to all stakeholders of Assam down town University (AdtU). Established in 2010, our university has now completed the first decade of its academic journey. Over the past ten years, we have experienced significant growth, reflected in both our student intake and our academic outcomes.

In the academic year 2021-22, we welcomed 1,585 students across various programs which record an impressive fivefold increase from the 300 students admitted in our inaugural year. Similarly our faculty has grown from 50 teachers in our first year to current 314 full-time faculty members teaching across 47 programs. This expansion highlights the substantial academic progress of AdtU.

During the past year, 961 final-year students earned their Bachelor's and Master's degrees, and 12 research scholars were awarded Ph.D. degrees. Currently, 31 research scholars are pursuing their doctoral studies. We believe that a vibrant research ecosystem is crucial for the advancement of higher education. To this end, we have implemented policies to support research, including awarding 37 seed grants ranging from 2 to 5 lakh rupees per faculty Principal Investigator. The success of our Faculty Development Program and research grant writing workshops is evident in the increased number of competitive research proposals submitted to various government and non-government funding agencies. This year, six external research grants were secured, which will further strengthen our research capabilities. This increase in research activity is also reflected in the rise of publications and patents from AdtU.

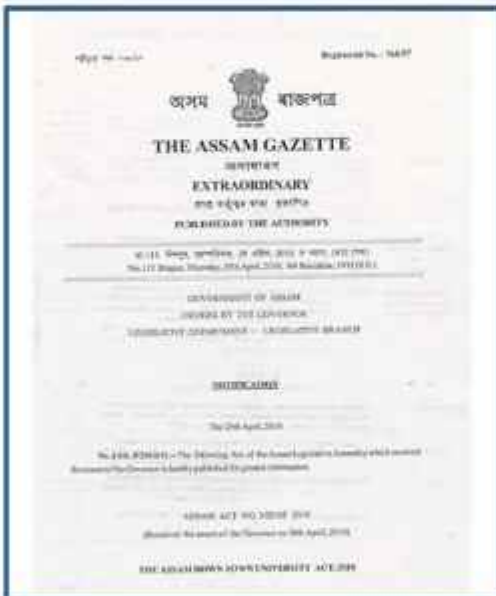

Our commitment to enhancing quality has led us to forge collaborative research partnerships with several national R&D institutes and a number of international universities. Additionally, the past year has seen a surge in organization of seminars, conferences, workshops, and exchange activities, both online and in-person. The COVID-19 pandemic was a pivotal moment for us, driving the expansion of our digital infrastructure, online teaching platforms, and automation in examination and management systems.

This Annual Report for 2021-22 offers a detailed overview of our achievements and activities, showcasing the dedication of the entire AdtU community. I extend my heartfelt thanks to every member of the AdtU family for their relentless efforts throughout the year, and I also wish to express my gratitude to our well-wishers for their continued support. I trust that you will find the progress and accomplishments of AdtU during this academic year both impressive and inspiring.

Warm regards,

Prof. N.C. Talukdar

1.	Vice Chancellor	:	Prof. (Dr.) N. C. Talukdar
2.	Institutional Status	:	Private University
3.	NAAC	:	B, 2.23 CGPA
4.	Others	:	ISO 1900-2015, Membership in AIU(Association of Indian Universities)
	Received award for Best Private University in North East for Industry Interface 2022 by Centre for Education Growth and Research (CEGR)		
	Received a certificate from News 18 Assam for Excellence in Education Legacy in Assam		
	Received certificate from Innovation Cell, Ministry of Education, Govt. of India, to promote Innovation and Start up in campus.		
	Received certificate from National IP Awareness Mission (NIPAM), Ministry of Commerce and Industry, Govt. of India for active participation.		
5.	Quality Enhancement and Outcomes		
a.	Conferences, Seminars, Workshops on quality conducted	:	Organized a webinar on "Intellectual Property (IP): Rights, Needs and Awareness for Academia" (12/1/2022)
b.	Academic Administrative Audit (AAA) and initiation of follow up action	:	1. Conducted an academic and administrative audit internally 2. NAAC Mock audit was conducted and external auditors were invited 3. NAAC External Audit was conducted and external auditors were invited
c.	ISO Certification: Nature & Validity	:	Renewal of ISO 9001:2015 certification Valid till 7 th February, 2025
d.	Participation in National/International Rankings	:	Participated in NIRF 2021 and Mental Health and Wellbeing (MHW) Ranking 2021
e.	Collaborative quality initiatives with other institution(s) (Provide name of the institution and activity)	:	1. Subject: Renewal of Sustainability for the academic year 2021-2022.

Ref: Society/Trust - Orissa Town Charity Trust
 Patan Hospital - Orissa Town Hospital
 Institution Code - 041094

Sir/Madam,

Reference to your application no. 10962 dated 22.05.2021 for Renewal of Sustainability. The INC after examining the particulars and documents submitted/uploaded is pleased to renew the **Sustainability** of your Institution i.e. Faculty Of Nursing, for the academic year 2021-2022 as per particulars given below:

Sl.No.	Programme Code	Programme	Annual Intake
1	041094/1	B.Sc.NS	40 (Full)
2	041094/2	M.Sc.NS	15 (CERTIFICATE) 10 (M.B.B.S) 5 (DIPLOMA)
3	041094/3	B.Sc.NS	60 (Sixty)
4	041094/4	B.Sc.NS	40 (Forty)
5	041094/5	A.N.M.	40 (Forty)

With the issuance of this letter your institution's name has been included in the list of existing Institutions posted on Indian Nursing Council website for the academic year 2021-2022.

This renewal has been granted subject to the institution complying with the subject/programme conditions of Annexure-I as per prescribed INC norms. The compliance/certification shall be fulfilled immediately. Further, the compliance report shall be submitted within 30 days from the date of issue of this letter.

This letter is for the approval of Competent Authority.

Signature valid

The University follows the norms and regulations prescribed by various statutory bodies, such as UGC, AICTE, PCI, INC., etc., in designing and developing the curriculum and syllabus under respective programs. The syllabi for the current academic session included well-defined Program Learning Objectives (PLO), Program Outcomes (POs) and Course Outcomes (COs). During preparation of the curricula and syllabi of the academic year 2020-21, emphasis was given on holistic development of the students so that they emerge as responsible graduates with able leadership qualities to serve society. The suggestions of the peer review team of the first cycle of NAAC were also kept in view while preparing the syllabus. The curriculum and the content of the syllabus under respective programs reflected issues of regional, national, and global relevance and the student's perspective, i.e., analysis, evaluation of problems, and creativity to bring solutions to the problems encountered. For instance, the students of the Faculty of Engineering and Technology analyze, evaluate, and provide their creative ideas for solving the problems of landslides and floods during the rainy season in NE India. The syllabi of the Faculty of Science include specific areas for solving the issues relevant to fermentation of indigenous fruit resources and production of biofertilizers for organic agriculture, respectively. The specific health issues, such as metabolic syndrome and associated complications, and physical abnormalities, were addressed by the Faculty of Pharmaceutical Science, Paramedical Sciences, and Nursing. The economic and social issues of the villages and tribal population were incorporated in the syllabi of Humanities, Social Sciences and Management. The course, such as Environmental Science, was mandatorily included in all of the undergraduate programs for building awareness among students on the environment and climate change issues. The other courses include human values, ethics and bioethics, Intellectual Property Right (IPR), as common in curricula across all the programs.

Since the curriculum is dynamic and evolving with the ever-changing requirements of the industry and society at large, the University made provision for periodic revision of the course curriculum and syllabi. All of the programs consisted of courses from basic to advanced and applied to impart knowledge and skills required by the students for better social development and successful employment. The exposure of the students to industries, academic institutions, and research institutes combined with upskilling on personality development and interpersonal communication have been conducted for better placement in the current competitive job market. Most of the courses directly focused on skills, entrepreneurship, and experiential learning. The syllabus of all of the programs was revised by minor or major inclusion and/or deletion, including the Bachelor of Computer Application (BCA), Bachelor of Science in Information Technology (B.Sc. IT), Bachelor of Science in Critical and Intensive Care Technology (B.Sc. CICT), and Master of Arts in Sociology (MSL), which were extensively revised, incorporating relevant regional, national, and global issues.

The Faculty of Studies designed elective courses to raise awareness among students about other areas of study outside of their regular curriculum. The students can select those elective courses aligned with their interests and get maximum benefits. Such courses include Child Health Nursing, Medical Surgical Nursing, Mental Health Nursing, Nursing Research and Statistics, Psychology of the Human Mind and Behavior, Social Planning, Public Policy & Governance, Legal System in India & Criminal Justice, Social Work with Children and Youth, Dissertation Proposal, NGO Administration, Social Work Intervention with Differently abled, Social Work with Elderly, Gender and Social Work, Community Organization and Development, Rural and Tribal Development, Identifying Social Entrepreneurship Opportunities, Teamwork Skills: Communicating Effectively in Groups, Concept on Hindustani Classical Music, Indian Classical Dance, and Drama, Cultural History of North East India etc.

The curriculum of the programs of the reporting year 2021-22 was broadly categorized into three perspectives, such as Learning, Research, and Social.

The learning perspective emphasized basic concepts and focused on the advanced and innovative aspects of the relevant disciplines. The perspective was accomplished by conducting regular theory and practical classes. The number of such classes, however, was dependent on the type and credit of the course. Additionally, creative or problem-solving assignments, group discussions, research projects, and the development of personality and interpersonal communication skills were also included as part of the curricula for developing their personality and professional skills, emphasizing enhancement of their cognitive ability and creative thinking.

The research perspective focuses on the development of students' analytical, evaluative, and creative thinking for solving various problems pertaining to the North Eastern region of India. The basic areas include food science, pharmaceuticals, agriculture, health sciences, and socio-economic developments. Students of undergraduate and postgraduate programs in their final semester have to undergo experimental or survey-based research on thrust areas emphasized by the Govt. of India and relevant to the issues in the North Eastern region of India.

The students of Paramedical Sciences had undergone internships in reputed pathological laboratories or hospitals and submitted their internship report to their respective programs. The students of Nursing had undergone health and welfare duties in the hospitals serving the patients. The students of Biological Sciences and Pharmaceutical Science had undergone experimental research in the fields of bioprospecting, biofertilizers, bioremediation, plant and animal taxonomy, and molecular biology. The students of Management, Hospitality, and Tourism concentrated their research on socio-economic development and the value addition of local food products to increase their market value. The Humanities and Social Sciences conducted surveys and outreach, essentially aware of the society about the importance of education and donating clothes and books to the needy. Further, explorations were made for enhancement of the market value of the products sold by the villagers from villages in the neighborhood of the University.

The social perspective included outreach programs in the adopted villages based on the needs of the villages. This was achieved by conducting various outreach programs such as adult education, healthcare education, hospitality and tourism, health camps, donations to flood victims, book donations, etc. All the members of the University, including students, teachers, and office staff, participated, and some of the programs were headed by the Faculty of Commerce Management, Humanities and Social Sciences, Nursing, Science (Food & Nutrition), and IQAC.

The University enhanced teaching learning ambience developing ICT enabled classrooms, Digital Library, Online Interactive System (OLS) for teaching, learning and evaluation processes. In the reporting year, all of the students were evaluated at three levels by conducting two written examinations within the ongoing semester and one semester end examination. The examinations within the ongoing semester was conducted by the respective programs of the Faculty of Studies and the semester end examination was conducted by the University Examination Department. The examinations within the ongoing semester was conducted to assess the progression of a student in his/ her area of study. Based on the performance of the student they were divided into slow or advanced learner. The slow learners were supported by conducting tutorial and/ or remedial classes. They were also mentored and encouraged to work hard and push themselves to the advance learner category by a mechanism of Mentor-Mentee effort of the University. The advanced learners were mentored, guided and supported for engaging themselves for high level scholarly activities. Many of the advanced learner initiated self learning and research activities guided by the faculty members and participated in scientific seminar and poster presentation and they assisted the faculty in their researches in various laboratories of AdtU. They published articles with their guide or mentors. This student centric activity provided appropriate pedagogy for participative and experiential learning. The Student-Faculty ratio (15:1) was optimally maintained during the academic year. Both students and faculty members extensively utilized ICT facilities, harnessing their potential for effective teaching and learning. The University ensured the recruitments of qualified and experienced faculty members through appropriate manpower planning. Most of the faculty members also received recognition in different fields, at state, national and international levels during the year.

During the academic year the value added courses offered by AIMA BIZZLAB, Coursera were taken. The student numbers in these two categories were 75 and 114, respectively. Some other courses such as Cosmetic Science (158 students), Experimental Pharmacology (44), International Women's Health and Human rights (49), website development (22), Basic of computer (60), Nano-Science and Technology (30), Introduction to ERP through SAP (22), Application developer (215), Web Development Engineer (315) were also studied by students of various programs. The final year students had undergone research project or field projects in their respective field of studies pertaining to problems of their local areas.

The end-semester examinations were conducted under the active vigilance of the Examination Department of the University, headed by the Controller of Examination (CoE). One thousand one hundred sixty-eight (1168) students appeared in the final examination, and one thousand twelve (1012) succeeded with a success rate of about 91.52%. Those who could not qualify for their degree were allowed to reappear after 30–45 days of preparation. The faculty-wise number of graduated students is depicted in Figure 5, while the faculty-wise performance of the students in the end semester examinations is highlighted in Figure 6, which indicates that all faculties of studies performed almost equally well, with a percentage of 87.6, 85.4, 95.5, 87.4, 99.5, and 93.7 for Faculties of Commerce, Hospitality, Management, and Social Sciences (CHMSS), Engineering and Technology (E&T), Nursing, Paramedical Sciences, Pharmaceutical Science (PHARMA), and Science (SCI), respectively.

The semester-end examination was started on 07th June, 2021 and completed on 10th August, 2021, where the Department of Examination, along with 80% of the faculty members from different Faculty of Studies, participated as Examination Officer, Invigilators, Relievers and Observers for the smooth conduct. There were no untoward incidents during the examination; rather, it went smoothly.

The results were declared on 25th August, 2021, according to the policy of examination of result declaration, which is within 15-20 days from the day of the examination completion. Very few grievances, such as login problems and network failures, were received and resolved instantly by the student support team (Examination). A team was constituted by members from respective programs and the IT administrators. The students who genuinely could not appear because of internet issues were allowed to reappear as soon as it was restored. The examination was conducted in online mode; the questions were generated by the system automatically. A question paper generator was developed by the University, the algorithm chose questions randomly, and therefore each of the students had a separate set of question papers. The questions were of both objective and descriptive type. However, the question paper follows Bloom's Taxonomy for assessing the students in every aspect of their ability. The objective questions are verified directly by the algorithm based on the key answers hosted by the question bank. The descriptive questions were checked and evaluated by the respective course teachers. Post-result grievances included spelling errors in names, mostly which were rectified, and mark sheets were reprinted within two or three days. Some of the students applied for rechecking and revaluation of the descriptive questions.

The Schedule for Examination for the Session

Sl. No.	Examination	Last date of class	Commencement of Exam	Declaration of results
01.	Odd Sem	12/01/2022	09/02/2022	14/03/2022
02.	Even Sem	30/06/2022	05/07/2022	02/08/2022

The Examination Committee

Prof. N.C. Talukdar	Hon'ble Vice-Cancellor	Chairman
Prof. Bandana Dutta	Dean of Studies	Member
Ms. Gariasi Dutta	Resident Trustee	Member
Mr. Joutishman Dutta	Managing Trustee	Member
Mr. Ashim Barman	Addl. Registrar	Member
Mr. Nitul Kr. Das	Dy. Registrar (Academic)	Member
Dr. B.K. Dey	Dean, Pharmaceutical Science	Member
Dr. Seema Sharma	Dean, Commerce & Management	Member
Mrs. Manashi Sengupta	Dean, Nursing	Member
Dr. Abhijit Dutta	Asso. Dean, Paramedical Sciences	Member
Dr. G.K. Sarmah	Sr. Dy. Controller of Examinations	Member Secretary
Dr. Debojit Bhattacharya	Dy. Controller of Examinations	Member
Dr. Animesh Gogoi	Dy. Controller of Examinations	Member
Dr. Anup Kr. Bordoloi	Dy. Controller of Examinations	Member
Dr. Joydeep Goswami	Controller of Examinations	Member

Faculty-wise distribution of Graduated students

Faculty of Studies	Number (including UG & PG)
Humanities and Social Sciences	84
Commerce and Management	100
Paramedical Sciences	379
Science	170
Engineering and Technology	103
Nursing	45
Pharmaceutical Science	80
Ph.D. Awardees (including all Faculty of Studies)	12
Total	973

ACADEMIC PERFORMANCE 2021-22	Faculty	Discipline	Name of the Supervisor(s)	Name of the Ph.D. Scholar	Research Topic	Date of Notification for award of Ph.D. Degree
	Pharmaceutical Science	Pharmacy	Dr. Raja Chakraborty (Supervisor) & Dr. M. Chinna Eswarrahiah (Co-Supervisor)	Asish Bhaumik(ADTU/2014-18/PhD/058)	Synthesis, Characterization and Evaluation of Biological Activity of Some Novel Oxadiazole Derivatives	15-02-2022
	Paramedical Sciences	Physiotherapy	Dr. Pratap Chandra Sarma	Madhusmita Koch(ADTU/2018-21/PhD/007)	Evaluation of the Effectiveness of Combined Kinetic Chain Exercises in the Treatment of Knee Osteoarthritis of Peri-Menopausal and Post Menopausal Women	15-09-2022
		MLT	Dr. Manash Pratim Sarma (Supervisor), Dr. BG Unni, Dr. AC Katakai (Co-Supervisor)	Lhakit Lepcha(ADTU/2015-19/PhD/106)	Identification of Diagnostic Marker in Oral Squamous Cell Carcinoma Cases from Assam with Special Emphasis to "Tamol Pan" Chewer's	15-02-2022

GRADUATION CEREMONY 2021-22

The University organized its 9th annual convocation on the 16th of September, 2022. A total of **973** degrees were awarded, including twelve (12) Ph.D. awards. **Prof. Jagdish Mukhi**, the Honorable Governor of Assam, and His Excellency was the Chief Guest.

The ceremony started with a procession to the convocation venue. The convocation ceremony was initiated after the National Anthem and Invocation Song (University Anthem) of AdtU.

The Chancellor, **Dr. N.N. Dutta**, delivered the welcome address. **Dr. Ranoj Pegu**, the Honorable Minister of Education and Welfare of Plain Tribe & Backward Classes, Government of Assam, addressed the audience. The "University Report" was presented by **Prof. (Dr.) N. C. Talukdar**, the Honorable Vice Chancellor of AdtU.

The university conferred Doctors of Letters (Honoris Causa) to **Mr. Chiranjit Chaliha**, **Mr. Dinesh Shahra** and **Dr. M.S. Jadhav** for their outstanding contributions in the domains of *Entrepreneurship*, *Industry* and *Entrepreneurship* and *Finance* respectively. The Honorable Vice-Chancellor provided the brief introduction of the candidates prior to conferring their degree of D.Litt. (Honoris Causa) by the Honorable Governor of Assam and His Excellency.

Gold Medals to the **Best Postgraduate**, **Best Undergraduate**, **Best Placement Achiever**, and **AdtU Alumni** were awarded by the Guest of Honor, **Dr. Shekhar C. Monde**, Former Director General, CSIR, Govt. of India.

The primary component of the university education system, i.e., Human Resources/Teaching Staff, was selected following the prescribed criteria, rules, and regulations as per the UGC. The recruitments of the Human Resources/ Teaching staff were conducted by an appropriate selection committee headed by the Honorable Vice-Chancellor of the University. In the academic year 2021-22, the University has a total number of 314 teaching faculties, comprising of 241 Assistant Professor/ Lecturer, 41 Associate Professors, 26 Professors and 06 guest faculties/advisors of various disciplines under different Faculty of Studies. For the specialized content of the courses, Scientists, Professors from academic and research institutions of both national and international repute, and industry professionals were also invited for lectures and/or guest talks for the benefit of the students. Additionally, the university has recruited a total of 40 technical staff and 48 non-teaching staff for efficient and smooth conduct of the University work.

Particulars	TEACHING MANPOWER												TOTAL
	Professor			Associate Professor			Assistant Professor/Lecturer			Guest Faculty/Advisor			
	Male	Female	Total	Male	Female	Total	Male	Female	Total	Male	Female	Total	
	19	7	26	29	12	41	108	133	241	3	3	6	314

Particulars	Technical Manpower			Non-Teaching Manpower		
	Male	Female	Total	Male	Female	Total
	6	34	40	30	18	48

Assam down town University conducts various faculty development programs for the comprehensive development of the faculty members. Additional to its academic inputs, the University also took initiative for the professional development of the faculty members by providing seed grants to promote their research activities and innovations. Additionally, the faculty members are financially supported for attending conferences, seminars, and academic meetings to encourage their self-development. The University further incentivizes those faculty members who perform well in teaching with the "Best Teacher Award" of the year. The best performers for electronic documentation among the faculty members are selected for awards. Some of the faculty members received awards from various external organizations of repute other than the University. For instance, Dr. Jai Shanker Pillai from the Faculty of Science received the Best Researcher Award from the International Research Award on Science, Technology, & Management.

Title of the Program	Date
Faculty Development Program on Quality Research Paper Writing and Publishing in High Impact Journals	19/8/2021 to 25/8/2021
AICTE-ISTE sponsored Induction on Research skill development for Management Faculty	21/12/2021 to 28/12/2021
6 Days FDP Paradigm Shift in Pharmaceutical Education and Research in Post Pandemic Era	18/7/2022 to 23/7/2022
Faculty Development Programme Theme: Emerging Trends, Technologies, Education and Reseach in the Health Care Industry	25/7/2022 to 30/7/2022
Faculty Development Programme Theme: Recent Trends of Research in Engineering and Technology	25/7/2022 to 29/7/2022
7 Days Virtual Faculty Development Programme on Artificial Intelligence and Bioinformatics for Human Welfare	29/7/2022 to 5/8/2022

AdtU ASCENDS IN RESEARCH FRONT

RESEARCH

The research policy of Assam down town University is to foster a research culture among its teachers and students, which can further be utilized to enhance and elevate the professional competencies of the faculty members. The University has developed Ph.D. programs aligned with research thrust areas defined by Govt. of India to meet the national and regional requirements. This includes research focusing on the development of novel therapeutics and diagnostics against various communicable and non-communicable diseases, such as Hepatitis, COVID-19, Tuberculosis, Diabetes, cancer, etc., through the identification of novel biomarkers and functional characterization of biomolecules from Himalayan medicinal plants. The University has further emphasized its research interest in organic agriculture, the development of biofertilizers and vermicompost, and also on the synthesis of nanoparticles and their application in health, environment, and pollution.

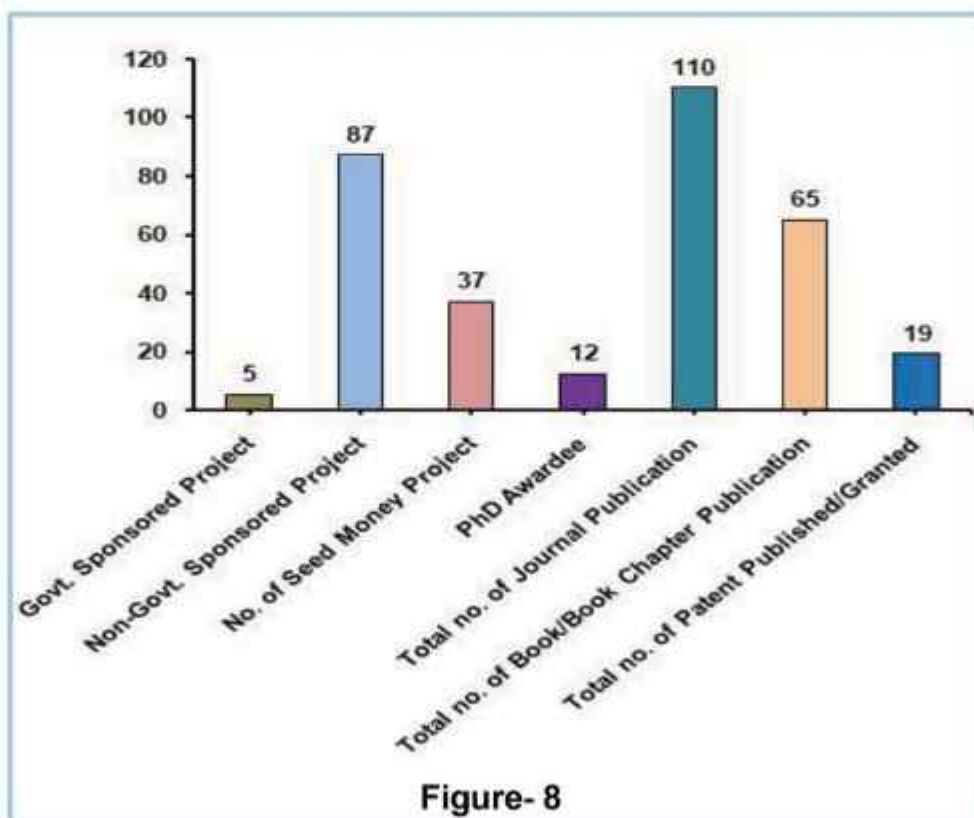

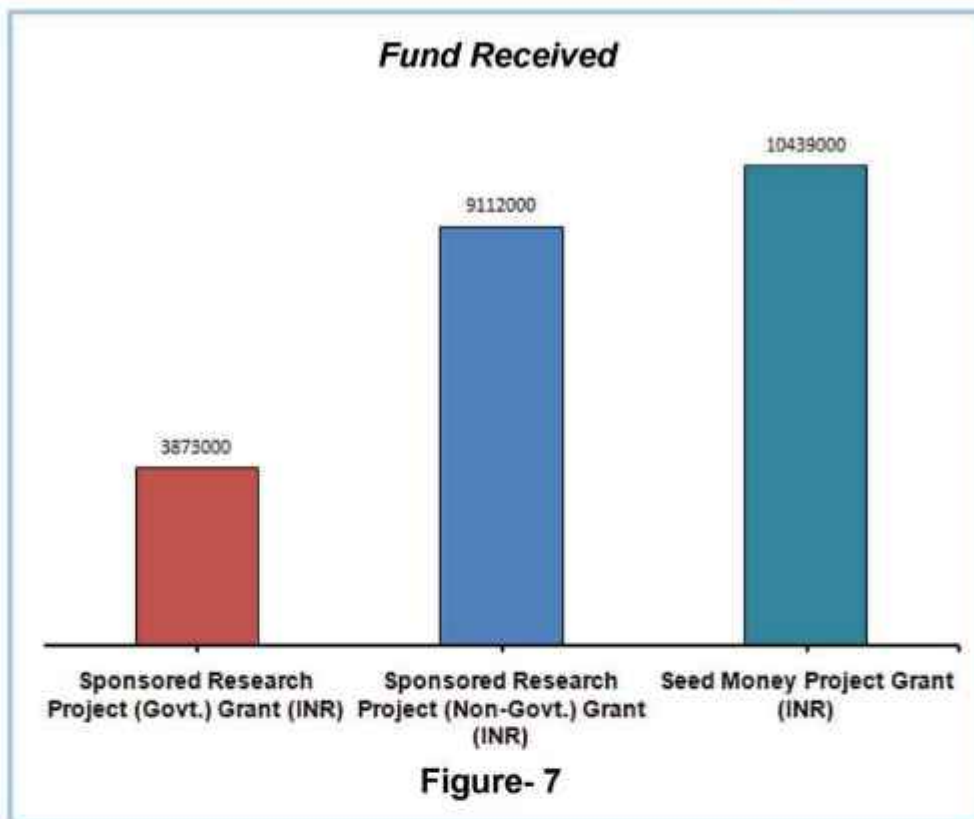

The University has successfully secured a total of six (06) (with a total amount of 38.7 Lakhs INR) and eighty-seven (87) extramural projects from government (i.e., ASTEC, DST, and DBT) and non-government organizations, respectively. The required infrastructure has been developed *in-situ* for successful execution of those funded projects and other PhD programs. The University also provides intramural SEED funds to its faculty members to initiate investigations in their areas of interest with an aim to develop potential future projects for extramural funding from national and international bodies.

Introducing Annals of Multidisciplinary Research, Innovation and Technology (AMRIT)

Annals of Multidisciplinary Research, Innovation and Technology (AMRIT) is a peer reviewed multidisciplinary biannual open access journal focused on publication of original article that contributes significantly to the knowledge in Physical Science, Life Science, Chemical Science, Agricultural and allied Sciences, Engineering and Technology, Food Technology, Biotechnology, Microbiology, Molecular Biology, Pharmaceutical Science, Physiotherapy, Paramedical Science, Nursing, instrumentation and methodology, Commerce, Business Management, Education, Humanities & Social Science. Original full length "Research articles" containing research findings of the authors, "Review article" of summarized state of research on a topic which are often but not always by invitation, "Short/Mini Review Paper", a shorter version of a review paper on an emerging topic of interest summarizing the state of research focusing a future direction, "Short/ Rapid/ Brief Communication", a shorter version of original research article, whose methods, findings, etc. don't justify a full-length paper, "Case Reports/Pilot project reports/ Survey project reports" and "Letters/ Opinion/ Commentaries". The publication of the journal was planned during 2021, it was launched on Jan, 2022 and the 1st publication was released.

Natural furin inhibitor(s) as potent therapeutic molecule to mitigate SARS-CoV-2 infection

The COVID 2019 has had been going pandemic as per WHO situation reports. The major differentiating point in this virus is the presence of a unique furin cleavage site. Our *in-silico* study points out to the effectiveness of a potent plant origin furin inhibitor. We exploited the aspect of the cleavage machinery of furin subunits which is critical and indispensable to the entry of SARS-CoV-2 in human cells and subsequent massive contagion. In-silico analysis was done to observe the interactions of proposed analogs of protease inhibitor of plant origin against furin protein as well as the furin-Spike Glycoprotein (SGP) binding machinery. This was done by docking protocols using

Hex 6.0 software followed by Molecular Dynamic Simulation (MDS) analysis in 100 ns scale using Amber94. Further, the images were analysed with PyMol software. The analogs I, II and III included in our study showed strong interactivity against furin individually, as well as the furin-Spike Glycoprotein 1 binding machinery. The findings were confirmed using Molecular Dynamic Simulation analysis which indicated good structural stability and ability to neutralise furin and furin-Spike Glycoprotein 1. Analog II was found to be the best interactive molecule against furin, showing the least deviation (1.484 ± 0.0064). Also, it was the most effective against furin-Spike Glycoprotein I machinery [1.575 ± 0.01]. We report the first of its kind of natural furin inhibitor(s) which would disrupt the furin machinery of SARS-CoV-2 and help in controlling the COVID-19 contagion.

RESEARCH

Study of Pharmacognostical, Phytochemical And Anthelmintic Potential Of *Alstonia Scholaris* Leaf.

Alstoniascholaris also called blackboard or Devil's tree is an important medicinal plant commonly found in South East Asia. The plant is used in Ayurvedic, Unani and Siddha system of medicine. The present study was done to investigate the Pharmacognostical, Phytochemical and anthelmintic potential of *Alstoniascholaris* leaf. Pharmacognostical study include morphological characteristics of the *Alstoniascholaris* leaf. Phytochemical screening revealed the presence of alkaloids, flavonoids, glycosides, phenolic compounds, carbohydrate, saponin and tannin. Ethanolic extraction of *Alstoniascholaris* leaf was investigated for the anthelmintic activity against *Eisenia fetida*. Each extract was evaluated at various concentrations (25, 50, and 100 mg/ml). All test extracts demonstrated dose-dependent anthelmintic action. The paralytic time was 18 ± 1.52 minutes and the death time was 76 ± 1.28 minutes for the ethanolic extract

of leaf (100 mg/ml) respectively. The reference standard was albendazole (10 mg/ml) and the control was normal saline. Time of paralysis and time of death were used to express the results. The results supports the usage of leaf of *Alstoniascholaris* plant as an anthelmintic. This research project was supervised by Mr. Moksood Ahmed Laskar for partial fulfillment graduate under program B. Pharm. The study was conducted in Faculty of Pharmaceutical Science, Assam down town University. The contribution of research work was carried out by the 4th Year students namely: Mr. Mrinmoy Pratim Nath and Ms. Nur Yasmin Sultana.

Table: Evaluation of Anthelmintic activity

Groups	Conc. (mg/ml)	Time taken for paralysis(min)	Time taken for death (min)
Normal Saline	---	No paralysis	No death
<i>Alstonia scholaris</i>	25	96.24 ± 2.25	424.5 ± 1.10
	50	26.6 ± 1.28	245.5 ± 2.47
	100	18 ± 1.52	76 ± 1.28
Albendazole	10	18.32 ± 2.64	54.24 ± 2.18

Understanding the dynamics of migration from Bangladesh to Tripura: Insights from census reports

This research paper was written by Dr M K Deb, Assistant Professor, Faculty of Humanities and Social Sciences, Assam down town University and Dr. Arobindo Mahanto, Assistant Professor, Department of Rural Studies, Tripura University. The article was published in Indian Journal of Economics and Development (Vol.17, Issue 4), indexed in Scopus and Web of Sciences.

- 1. Migration Trends:** The paper analyzes the patterns and trends of migration from Bangladesh to Tripura, focusing on demographic changes and socio-economic factors influencing migration.
- 2. Census Data Utilization:** It utilizes census reports to provide empirical evidence and insights into the migration dynamics, highlighting the importance of data in understanding migration flows.
- 3. Impact on Tripura:** The study discusses the implications of migration on the socio-economic landscape of Tripura, including aspects such as labour market changes, cultural integration, and resource allocation.
- 4. Policy Recommendations:** The authors suggest policy measures to manage migration effectively, ensuring that the needs of both migrants and the local population are addressed.

INNOVATIVE RESEARCH

The Faculty of Engineering (FoE)(CSE/BCA) has been at the forefront of developing IoT-based solutions, as evidenced by their patents on smart devices and systems. Notable contributions include the IOT-based Smart Parking System for urban mobility and the Machine Learning and IoT-based System for Intelligent Routing. These inventions aim to enhance urban infrastructure efficiency, safety, and sustainability.

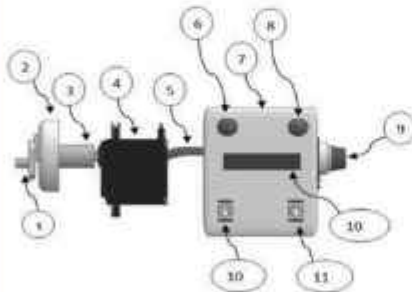

Smart Device for Controlling Liquefied Petroleum Gas Leakage using IOT

Patent App no. 202333002914
Patent Journal no. 03/2023
Page 4976 , Dated 20/01/2023

About the Invention

- The present invention is directed to develop a smart device for controlling LPG leakage by detecting the leakage and shutting down the gas supply in real time.
- This system is also directed to ensure that the user is notified of the gas leakage by using alarm/SMS and prompted to take necessary measures.

3D Model of the Device

Sl. no.	Parts
1	Gas Cylinder Nub
2	Nub Hubber
3	Shaft
4	Acervo Mover
5	Wire Connector
6	Green Indicator Light
7	Sensing & Controlling Unit
8	Red Indicator Light
9	Gas Sensor
10	On/Reset Button
11	Off Button
12	Leaf Screws

Inventors

Mr. Prasanta Pratim Bairagi
Asst. Professor, Computer Science & Engineering, AdTU

Prof. Sunandan Baruah
Director, Research & Innovation, AdTU

Dr. Manash Jyoti Borah
Asst. Professor, Mechanical Engineering, AdTU

Mr. Baharul Islam
Asst. Professor, Electronics & Communication Engineering, AdTU

Mr. Devabrata Sarmah
Research Assistant, Centre of Excellence in Nanotechnology, AdTU

Perspective View of the Device

Key Features

- Monitoring the gas leakage.
- Alert the user by sending SMS for gas leakage.
- Prevention of gas leakage by controlling the gas supply.

Applications

- Household
- Industry

Office of the Controller General of Patents, Designs & Trade Marks Department of Intellectual Property & Trademarks, Ministry of Commerce & Industries, Government of India		IP INTELLIGENT PROPERTY

The University adopted a decentralized and participatory administration for the management and normal functioning of the University, with an effective hierarchy structure. Under the functioning of this system, day-to-day governance is administered through committee-based decisions. Most of the stakeholders are included in these committees for quality decisions. Periodical review of the functioning of the committees helps the university to improve the system. The best example that can be cited for the academic session 2021-22 is the successful implementation of the digitization of the teaching learning process. The University is currently using ICT-enabled tools (PRAN) for teaching and learning processes. The library of the institution provides academic and scholarly materials, e-contents, e-research journals, papers, etc., which can be accessed from anywhere via the e-portal of the library. Some of the e-resource portals are DeLNET, Jgate, and NDLI. The institution has made it mandatory for students to undergo learning courses, on completion of which they receive an e-certificate. The university was certified for the digitization initiative with "E-Learning Excellence for Academic Digitization" by QS IGAUGE.

The university is governed by the Governing Body (GB) of the University under the assistance of Academic Council (AC) and Board of Management (BOM). The university adopts both a top-down and bottom-up approach for effective functioning.

The following functional units/committees besides the statutory bodies for effective functioning in the academic session include the following:

- | | |
|------------------------------------|---|
| 1. Core Committee | 14. Internal compliance Committee |
| 2. Academic Coordination Committee | 15. Disciplinary action committee |
| 3. Faculty Advisory Committee | 16. Grievance Redressal Committee |
| 4. Departmental Advisory Committee | 17. Campus development & management Committee |
| 5. Board of Studies | |
| 6. University Research Council | |
| 7. Faculty Research Council | |
| 8. Internal Quality Assurance Cell | |
| 9. Examination committee | |
| 10. Placement Committee | |
| 11. Quality Circles | |
| 12. Anti ragging cell | |
| 13. Purchase Committee | |

Celebration of 75th Independence Day

On August 15, 2021, Assam down town University (AdtU) celebrated the 75th Independence Day of India through physical as well as virtual mode to honor the occasion, maintaining the personal safety measures as priority.

Celebration of 73rd Republic Day on January 26, 2022.

Assam down town University celebrated the 73rd Republic Day on 26th January, 2022. The event started at 9:00 am with the arrival of guests and a welcome address by the host of the event. Prof. Homeshwar Goswami was invited as the Guest of Honor of the event, and he unfurled the National Flag. All the members present on the campus joined in the flag-unfurling ceremony, playing the National Anthem. The event was followed by a march past by the security staff.

Celebration of Teacher's Day

The Faculty of Pharmaceutical Science, Assam down town University celebrated "Teachers' Day." Considering the COVID-19 pandemic situation, the event was conducted in hybrid mode. The event was started with an auspicious lamp lighting ceremony, followed by the University Anthem and welcome address by Prof. (Dr.) Amarjyoti Choudhury in which they shared their most valuable view. Several students from different Faculties have presented a couple of cultural events.

Celebration of National Doctors' Day

In a bid to recognize the noble and righteous services of doctors, the HR department of Assam down town University celebrated National Doctors' Day by acknowledging their service and effort towards society by presenting them bouquets as a token of appreciation.

Celebration of National Science Day

Assam down town University organized a day-long program to celebrate National Science Day (NSD) at the University premises to commemorate the discovery of the Raman Effect by C. V. Raman on this day in the year 1928. AdtU has been celebrating NSD from its inception. The NSD theme for this year was “Integrated Approach in S & T for Sustainable Future.”

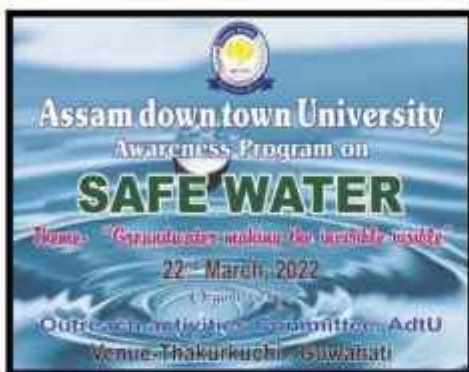

Celebration of World Environment Day on June 5

On the occasion of World Environment Day 2021, the Faculty of Nursing, Assam down town University, organized a virtual conclave on “Ecosystem Restoration” on 5th June, 2021 through online mode due to the ongoing COVID pandemic.

Celebration of World Water Day

Assam down town University organized an awareness program to observe World Water Day with the young children of Thakurkusi LP School located in the Thakurkusi village. The program was organized by the members of the Outreach Activities Committee of the University under the supervision of Dr. Gitumoni Konwar Bordoloi, Dean, Faculty of Paramedical Sciences, Assam down town University.

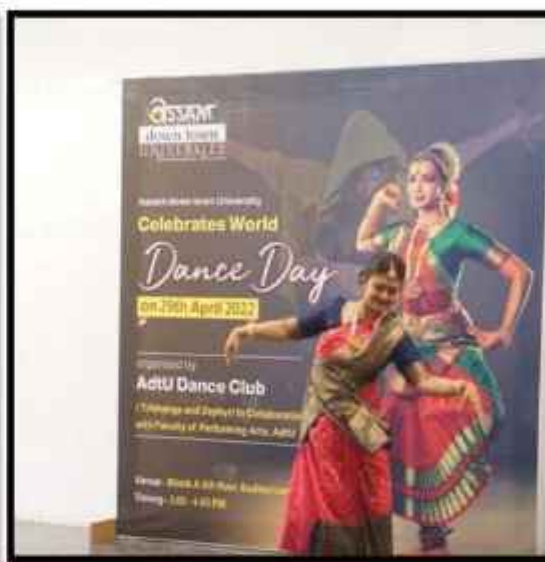

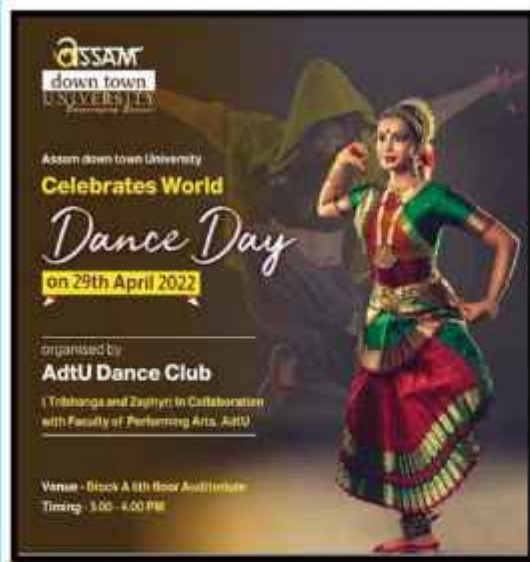

Celebration of International Women’s Day

On March 8, 2022, the Faculty of Engineering and Technology of Assam down town University hosted a two-day event at Begenabari, one of the AdtU adopted villages near Panikhaiti, to commemorate International Women's Day. The celebration was attended by women from AdtU's five adopted villages (Begenabari, Tamul bari, Thakurkusi, Raja Bari, and Tin tukura). Mr. Sadhan Dey, Secretary of the Begenabari Welfare Development Committee, spoke during the event.

Celebration of International Dance Day

On the occasion of International Dance Day on 29th April, 2022, there were eight solo and group dances performed by the students; the chief guest also enlightened us with dance therapy activities; and there was a performance by the chairperson, convener, and faculty member of the dance club.

Celebration of International Peace Day

Assam down town University and Heartfulness Institute have collaboratively organized the celebration of the International Day of Peace on 21st September, 2021 with a tree plantation drive. The tree plantation drive was inaugurated by the Hon'ble Vice Chancellor, Prof. Narayan Chandra Talukdar; Dean of Studies, Prof. Bandana Dutta; and Advisor Research, Prof. Dharmeswar Das. A total of 110 saplings, including 10 Rudraksh, 50 Red Chandan, and 50 White Chandan, were planted. The entire event was organized in compliance with COVID-19 safety measures.

Celebration of World Health Day

Every year, 7th April is celebrated as the World Health Day to commemorate the foundation of the World Health Organization on various themes that draw the attention of the public to a specific health topic of concern. This year the theme chosen was "Our Planet, Our Health." Thus, the Faculty of Nursing felt the need to assess the health status of the security and housekeeping staffs of Assam down town University to make them aware as well as to impart knowledge regarding health and well-being.

Celebration of International Yoga Day

On the occasion of international Yoga Day, students and staff of AdtU learned Yoga Assanas and meditation for one and a half hours in Yoga Hall, AdtU. Master Jivanad Nitai (Former Monk, Yoga Instructor, Master Healer, Editor-in-Chief, Bhaktivedanta Book Trust, Assam) with his 15 years of experience, enlightened our staff and students with assanas. The event was organized by the department of HR to promote health and wellness.

Celebration of World Optometry Day

Assam down town University, Department of Optometry organized a one-day eye screening camp on 23rd March, 2022 on behalf of World Optometry Day at Rajabari village located within the peripheries of Chandrapur. The eye screening camp was intended to create awareness amongst the people regarding general eye care. The camp provided comprehensive eye examinations and awareness to all the people regarding various eye-related issues.

Celebration of World Social Work Day

On the occasion of World Social Work Day (15th of March, 2022), the students of the Social Work Programme at Assam down town University celebrated World Social Work Day by hosting a small event in Rajabari village, Panikhaiti, on the theme "Co-building a new Eco-Social World leaving no one behind." The purpose of hosting the event was to raise awareness about awakening gender equality and the rights of all. This is to put emphasis on the importance of treating everyone equally and with respect and honor, irrespective of age group, religion, caste, race, sex, or gender, and to build a society without discrimination, harassment, and domestic violence, and to give awareness to the weaker section of the society (the elderly people, children, and women) about their legal rights.

Lamp lighting and Oath taking Ceremony

Faculty of Nursing, Assam down town University marked the 14th Lamp lighting and Oath taking ceremony for the B.Sc. Nursing, GNM and ANM 1st year students on the 20th of February, 2021. Lamp lighting and Oath taking ceremony of Florence Nightingale’s oath signifies the accountability and responsibility that marks the beginning to inspire, cherish and uphold the values and tradition of the Nursing profession.

Celebration of National Unity Day

Assam down town University celebrated NATIONAL UNITY DAY on October 31, 2021. In this regard, a pre-recording was done on October 28, 2021, where a Unity march was carried out by the cadets of 50 Assam Air Sqn (Fly), NCC. Twelve cadets (10 SD and 02 SW) had participated. The event was coordinated by Mr. Biraj Kalita and Dr. Manash Sarma.

Celebration of Bohag Bihu Festival

Assam down town University (AdtU) celebrates Bohag Bihu (also known as Rongali Bihu) every year with vibrant and joyful festivities. Bohag Bihu marks the Assamese New Year and the arrival of spring, and it is one of the most significant festivals in Assam.

Celebration of Holi Festival

Assam down town University (AdtU) organized a workshop on "Holi Geet," a traditional musical event associated with the festival of Holi. Holi Geet, or Holi songs, is a key part of the festivities during Holi, the festival of colors celebrated in India.

Celebration of Christmas

The Department of Hospitality & Tourism Management, under the Faculty of Commerce and Management, Assam down town University organized Cake Mixing Ceremony on the occasion of the pre-Christmas celebration on Saturday, 22nd December, 2021. The Cake Mixing Ceremony marked the beginning of the pre-Christmas celebration, which is the first of its kind at “Assam down town University” this year.

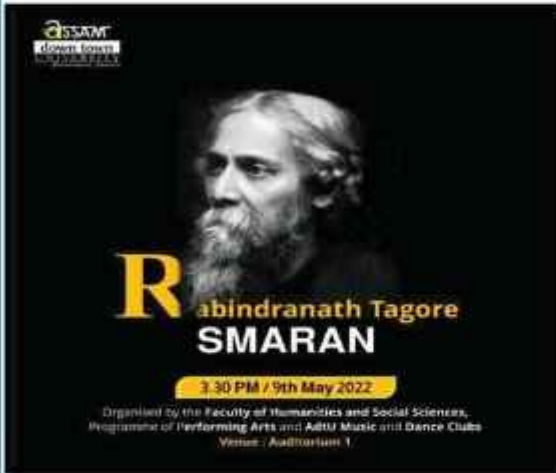

Celebration of Gandhi Jayanti

Assam down town University (AdtU) commemorates Gandhi Jayanti on October 2nd, 2021 to honor the birth anniversary of Mahatma Gandhi, the Father of the Nation and a pivotal figure in India’s struggle for independence. On this occasion, a cleanliness drive has been conducted from the University campus to the Panikhaiti Police Station area. The initiative to clean the entire University and local police station premises was a gentle reminder to the common people regarding the importance of maintaining cleanliness and hygiene. The distributed leaflets will build awareness among the common people regarding hygiene and health concerns.

Celebration of Rabindranath Tagore Smaran

Assam down town University (AdtU) observes Rabindranath Tagore Smaran every year to honor the memory and contributions of Rabindranath Tagore, the Nobel laureate poet, philosopher, and cultural icon from India.

Celebration of Rabha Divas

Assam down town University (AdtU) celebrates Rabha Divas every year to honor the memory and contributions of the renowned Assamese poet and writer, Chandra Kumar Agarwala, who is often referred to by his pen name, Rabha. Considering the COVID situation, the event was organized in virtual mode where students paid tribute to the great Assamese legend, Bishnu Prasad Rabha, on his death anniversary.

GLIMPSE OF CAMPUS LIFE

The University has developed facilities depending on the need and with proper planning for the overall development of the students. In the academic session 2021-22, it raised 204 normal and 58 smart classrooms; many new laboratories were added to 67 existing ones; 3 auditoriums and 9 conference halls. The central library was furnished with uninterrupted power supply, faculty rooms, seminar halls, and increased the learning resources supported with e-resources and a video center. Further facilities, such as a counseling room, language lab, media lab, and Central Instrumentation Facility (CIF) lab, were developed. The library is facilitated with high-speed internet by connecting with a dedicated lease line, the computation systems, high-end projectors, headphones, and laptops are for audio-visual. The campus has a well-equipped playground, gymnasium, swimming pool, and hostel, and facilities like xerox, stationery, and grocery store were developed.

The University has adequate sports and cultural facilities. The amphitheater (with 300 capacity) with state-of-the-art facility, cinema hall, board room, council room, and seminar hall for meetings and cultural activities were developed. The faculties and students have access to both indoor and outdoor sports facilities on an everyday basis. It has a gym, a yoga center, an indoor stadium, and an indoor swimming pool with professional instructors available for both the faculties and students. It has well maintained playground for outdoor games and sports such as cricket and football. The campus also has a pharmacy along with doctor consultation

for general and emergency situations, one ATM, five canteens located at different blocks or specific locations of the campus, a departmental store with a wide range of grocery and stationary items, a bakery unit, an animal shelter, two ponds, a medicinal garden, and a general garden. The local farming is also done within the campus by the residents of the nearby adopted villages.

ALUMNI ASSOCIATION ACTIVITIES

SL. No.	TYPE OF ACTIVITY	DATE OF ACTIVITY
1	WEBINAR	24.07.2021
2	WEBINAR	13.12.2021
3	WEBINAR	29.01.2022
4	ALUMNI MEET- GUWAHATI	26.03.2022

The paradigm of wisdom and understanding the world from a global perspective, including fields such as culture, community, heritage, and science, is possible when an environment of brotherhoods exists in learning temples. The philosophy of equity, inclusiveness, and openness in a University is, therefore, an interim requirement. Assam down town University was founded on the principles of openness, equity, and inclusiveness. This principle enabled the inclusion of a diverse group of students from the North East (NE) region of India and abroad. Presently, it is accommodating students from many states of India and countries such as, Bhutan, Bangladesh, and Nepal. The University also provides admission to meritorious students with poor economic status with a complete fee waiver. The admission of students and appointment of teachers are held with no discrimination based on caste, creed, and gender, creating a brotherhood environment. Therefore, learning at Assam down town University provides the opportunity for stakeholders to widen their horizons of knowledge from a global perspective. In other words, it is the place for developing global citizens.

Many students from poor economic backgrounds and females pursuing degrees exemplify the University's openness, equity, and inclusiveness philosophy. The Assam down town University created such an environment, framed specific rules and regulations, and club infrastructures such as cultural, art, and sports clubs, the social platforms for exchanging cultural and behavioral regimes. The philosophy does not restrict students; faculty members, officers, and other staff are also under the perimeter. It is committed to safeguarding the interests of the students and staff members without any prejudice against their caste, creed, religion, language, ethnicity, gender, and disability.

"Equity" shall mean equal opportunity for all students and employees in respect of any opportunity and entitlement, ensuring inclusivity for the enjoyment of all legitimate rights. The University critically assesses itself through internal and external, academic, and administrative audits and is open for an ascending development.

The activities performed during the academic year reinforcing the philosophy of openness, equity, and inclusiveness.

Awareness of Equality and Value System in the University

The University organizes regular events for raising public awareness on the importance of equality and value-based education amongst students and staff to ensure overcoming any form of caste-based discrimination and harassment against students/employees/ applicants belonging to the marginalized sections, including SC/ST students/employees/ applicants of the society. It is committed to strict implementation of all the constitutional provisions and protective measures in respect of students/employees/ applicants belonging to SC/ST categories.

Principles of Equity and Inclusion in Teaching

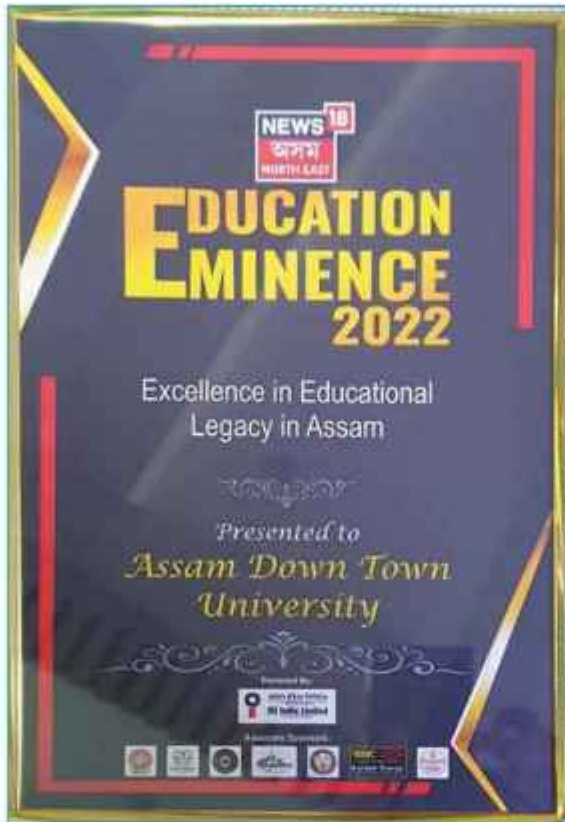

The goal of equitable teaching is to provide needs-based support to ensure equitable learning opportunities. The objective of an inclusive classroom is for all students to be valued in the classroom for their diverse abilities, experiences, and perspectives. This is accomplished through methods, strategies, and materials that are not only diverse (related to race, ethnicity, gender, sexual orientation, culture, religion, mental and physical ability, and socio-economic status) but also accessible (limiting barriers of access to all students). In an equitable and inclusive classroom, every student has equal access to learning and feels valued and supported by their instructor and peers. These learning environments emphasize the importance of cultural awareness and value all social identities.

Scholarship Schemes

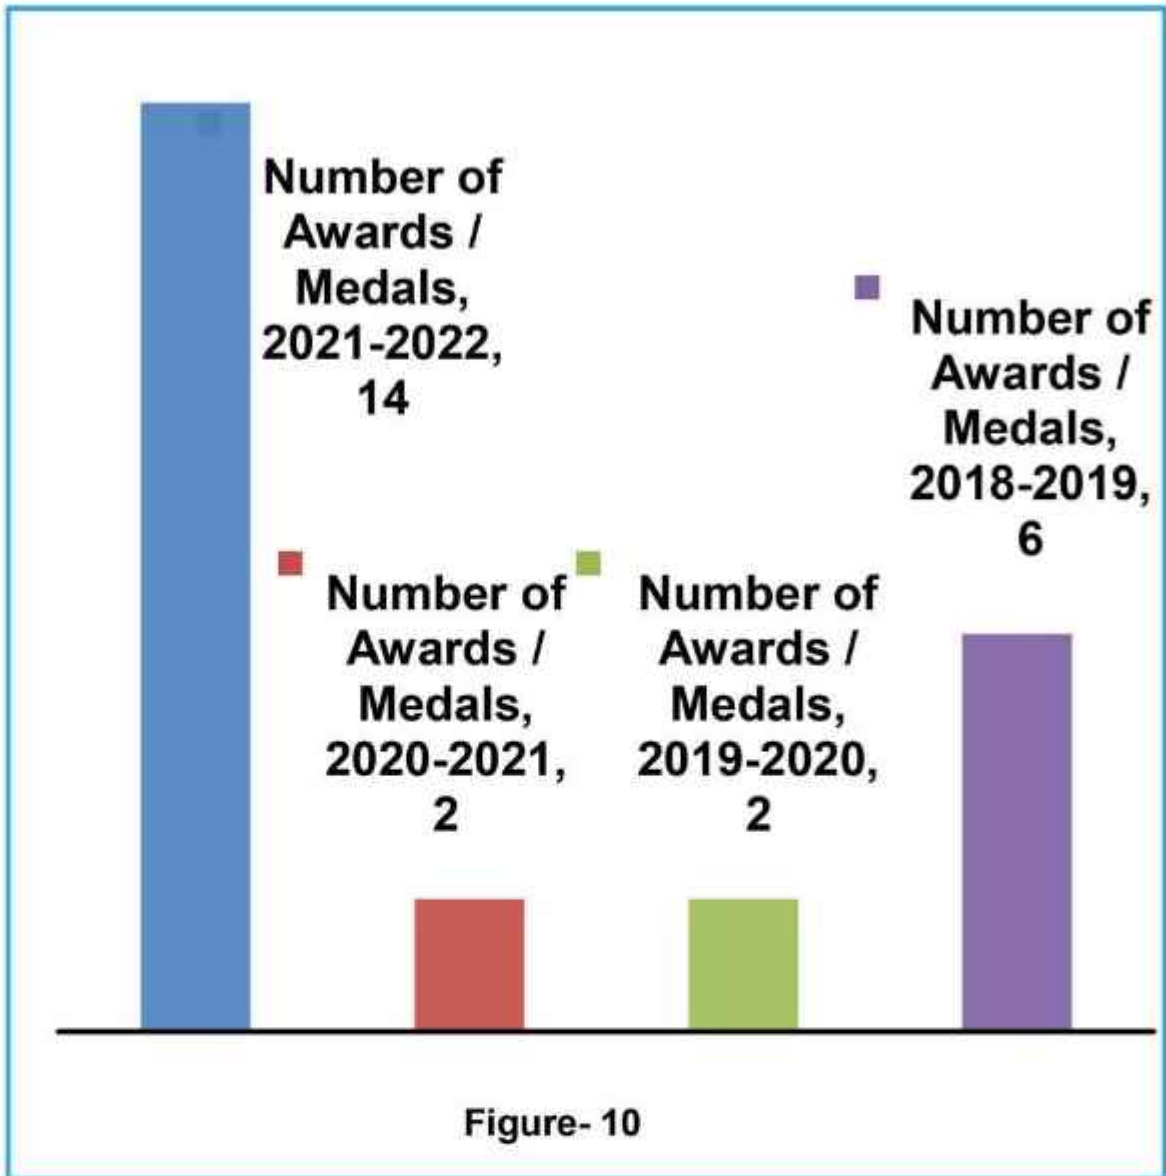

Besides the Government sponsored scholarship programs for different categories of students and students belonging to different categories of society, AdtU offers merit based scholarship named CST. Every year, a common scholarship test is conducted for the students that will take admission in the University. On the basis of rank secured, students are offered scholarship that helps them to wave their fee. Other than this, the University also offer scholarship to students who secure the highest marks in the class every semester. Through this scholarship, the students avail fee education for that particular semester. This is a very good initiative taken by the Management.

Excellence in Education Legacy by News18 Network
Certificate of Institution's Innovation Council (IIC)
Certificate of Appreciation by National IP Awareness Mission (NIPAM)
Association of Indian University (AIU) membership
Best Private University in North East for Industry Interface 2022 by Centre for Education Growth and Research (CEGR)
12B Status by University Grants Commission (UGC)
Renewal of ISO 9001:2015 QMS Certificate

ACCOLADE RECEIVED BY FACULTIES

Title of the Practice: down town Venture Labs (dtVL)

Objectives of the Practice: The objectives of dtVL are:

1. Work towards fostering the culture of innovation
2. Support technology and non-technology driven ventures from ideation to investment.
3. Connect Startups and Investors in order to breach the gap between them.
4. Create jobs by incubating potential Startups and helping good commercial ventures.

The Context: AdtU understands the critical need of building an internal ecosystem for innovation and entrepreneurship and shaping it through convergence of faculties and students in exchanging ideas thereby creating scalable Startups from the university.

The Practice: dtVL has undertaken several programmes to develop entrepreneurial ecosystem by providing pre incubation and incubation support from the ideation stage.

Evidence of Success: Institution Innovation Council (IIC), AdtU and dtVL have organised several workshops, events and seminars. dtVL incubated Startups have been able to grow and raise funds from Venture Capitalists and other incubators.

Problems encountered and Resources Required: Financial literacy and inadequate access to funding remain the biggest challenge for entrepreneurs to start and scale their businesses. In terms of education, the academicians have to adapt to changing dynamics and incorporate domains which shape entrepreneurial mindset among students.
